High Definition 81

Napoleon's High Definition 81 is a See Thru direct vent gas fireplace that we have redesigned for superior performance. A reinforced firebox that includes dual combustion air passages provide the most appealing flame appearance in the market. The High Definition 81 now boasts a simple clean face front that allows the unit and front to be fully recessed. The exclusive NIGHT LIGHTS™ have relocated from the sides to the top of the firebox. You will also find that venting has been changed to 8" x 11" to improve combustion and robustness in any application.
