# High Country™ 7000

Introducing a new European clean face linear wood fireplace with a huge viewing area. Exclusive counterbalanced ZERO GRAVITY™ door system operates the screen and heat radiating ceramic glass independently, allowing the fire to be viewed through either the glass, screen or both. The large firebox holds up to 50 lbs of wood and is lined with high density vermiculite. Powerful air wash system keeps the glass clean and the super-boost air induction ports sweep across the ember bed for extremely fast start-ups.

## Product Features

- 31 1/8" h x 61 7/8" w x 31 5/16" d
- Firebox aerodynamics allow you to open the door without drawing smoke into the room
- ZERO GRAVITY™ glass and screen doors have precision 4 way roller system that has been proven and tested to 50 years of operation
- Flue damper and outside air damper close 100% when not in use to minimize heat loss
- 10" or 12" diameter chimney allowed
- Steel andirons in charcoal finish are included
- Outside air control lever is included
- Glass swings open for easy cleaning
- Gloves included with unit

## Features/Options/Accessories

Steel Andirons in Charcoal Finish

Figures may vary with individual conditions such as floor plan layout, insulation value of the home and the firewood used  
 \*Rated BTU/h with softwood test fuel (for emissions only) - no refueling  
 \*\*Wolf Steel Ltd. own test results showing realistic BTU's using hardwood logs with regular refueling. Heat output will differ on chimney draft as well as type, moisture content and size of wood.

Certified under Canadian and American National Standards  
 Figures may vary with individual conditions such as floor plan layout, insulation value/heat loss of the house and geographical location.

Consult your owner's manual for complete installation instructions, accurate framing dimensions and proper clearances to combustible material. Check all local and national building codes and gas regulations. All specifications are subject to change without prior notice due to on-going product improvements.
