eFIRE REMOTE APP

Total control of your fireplace from the convenience of your mobile device

Napoleon's eFIRE app will revolutionize the way you use your fireplace. We have cracked the code and present to you the first fireplace to be controlled by Bluetooth®, using an intuitive app on your mobile device. Full mastery of your ember bed allows you to create every imaginable color, selecting the one that fits your mood, or your décor with ease, the simple color wheel tool swiftly scrolls through the full RGB color spectrum and you can set the mood with one touch. The ember bed mode instantly creates ambiance with the look of a softly glowing banked fire. Get the atmosphere without the heat, you can even cycle through and set the color with the fire off. Napoleon's eFIRE app also controls all functions on your fireplace; on/off, flame height and blower speed. True convenience.
