

GAS STOVE CHANGES

NAPOLEON® FIREPLACES

Gas Stoves and Safety Barriers

The Arlington™, Bayfield™, Castlemore™ and Knightsbridge™ Gas Stoves.

GDS20, GDS25, GDS26 & GDS60

Napoleon® Fireplaces is officially introducing product certified for tomorrow's safety standards today! With the anticipation of the new safety barrier standard effective on January 1, 2015, a number of our Napoleon® Fireplaces products are experiencing change.

The Arlington™ GDS20, Bayfield™ GDS25, Castlemore™ GDS26 and Knightsbridge™ GDS60 have undergone modification and are now approved to meet the new safety barrier requirements. Current inventory models will be shipped until the time that the stock is depleted and then we will fill orders with the new replacements. The Arlington™ and Castlemore™ are now slightly deeper to include a flush safety screen. The Bayfield™ and Knightsbridge™ remain the same dimensions overall but the front doors have been removed and a "bubble" styled safety screen has been added.

Arlington™ (GDS20)

Castlemore™ (GDS26)

Bayfield™ (GDS25)

Knightsbridge™ (GDS60)

Name	Model #	Changes
Arlington™	GDS20	additional 2 ¾" in depth plus straight safety barrier
Bayfield™	GDS25	"bubble" screen safety barrier plus doors removed
Castlemore™	GDS26	additional 1" in depth plus straight safety barrier
Haliburton™	GDS28	going obsolete in 2015
Havelock™	GDS50	going obsolete in 2015
Knightsbridge™	GDS60	"bubble" screen safety barrier plus doors removed

ADDITIONALLY...

The Haliburton™ GDS28 and Havelock™ GDS50 will be updated in 2015 with a complete new look and design. Subsequently, we plan to inventory enough quantities of these models to supply our network of dealers and distributors for the first half of 2015, or until the replacement models are ready for launch.

Haliburton™ (GDS28)

Havelock™ (GDS50)

Effective: September 15, 2014
